When choosing a theme for this collection, this one was pretty easy. We have always loved vintage style feed sacks. Plus, because we do have a large amount of farm animals, we spend a lot of time (and money) at our local "feed company". This combined with our love of our county fair gave rise to this collection.

We designed *Feed Company* around our favorite print, called "brands". But we also love the newsprint inspired "church cookbook". The recipes included in the design are actual award winning recipes that we took to our county fair when we were kids. You may want to try the sugar cookies- they have won several blue ribbons in our family!

Designing quilts for the collection was extra fun. We especially love "Barn Raising". It is our modern approach to the log cabin- big, bold and so easy!
