

# Regent Street Lawns

*moda*

“I must have flowers, always, always” (Monet). The ephemeral and the permanent. In a garden or a vase, in pictures or paintings, flowers bring beauty into our lives. And when the prettiest florals are printed on silky-soft, high-thread-count cotton lawn, we can have flowers for our clothing, bags, pillows and quilts.

“Love is a flower, you’ve got to let it grow.” ~ John Lennon
