This is one of my all-time favorite color combinations, and this new Red & White Gatherings speaks to my heart. It combines the crisp whites and brilliant reds that I see in the antique quilts made by our foremothers. To add a contemporary twist, I've included a deep, claret red for a multitude of reds. These fabrics are perfect for quilts that fit every season, from Christmas to Valentine's Day, Independence Day to just because you love red and white quilts.
